

Come Meet SW Academy/SWCC – Journey Through Desalination 13TH – 16TH May 2024

The [Saudi Water Academy \(SW Academy\)](#) along with Paul Choules with [Water Cycle](#) and Tom Pankratz with [WDR](#) are hosting this three (3) day event in Jubail, KSA. The event will cover visits to SW Academy's facilities, the [Water Technology Innovation and Advanced Research \(WTIIRA\) facilities](#), site visits to Jubail and Ras Al Khair desalination sites. Additionally, attendees will meet with [SWCC](#) supply chain experts and SWCC [Global Prize Innovation in Desalination \(GPID\)](#) specialists.

Draft Agenda:

- Day 1, Monday 13th May 2024 – Arrive in Jubail, transportation to the hotel will be provided.
- Day 2, Tuesday 14th May 2024 – Introduction, tour SW Academy, tour WTIIRA, meet SWCC staff and technology review.
- Day 3, Wednesday 15th May 2024 – Visit Ras Al Khair desal plant and return to the hotel.
- Day 4, Thursday 16th May 2024 – Visit the Jubail desal plant. Return to SW Academy for lunch and depart in the afternoon.

Location & Accommodation:

Jubail and the [Intercontinental Hotel Jubail](#).

Airport Transfers & Local Transportation:

SW Academy will provide transportation to take attendees to and from the venues and pick and drop them off at the airport. Flights to and from Jubail to be arranged by the attendees.

Meals:

SW Academy will provide all meals as well as coffee, tea, and refreshments throughout the day. There will be an evening cultural event organized by SW Academy.

Cost & Registration:

\$1,750.00, including meals when not at the hotel and local transportation. [Pay Now](#).

Who Should Attend:

Anybody interested in doing business with SWCC, companies interested in the GPID, those interested in seeing some of the world's largest, state-of-the-art seawater desalination projects, researchers interested in seeing WTIIRA's R&D facilities, and seeing SW Academy's desalination operators training facilities.

Visas:

All attendees should use the [student E-Visa](#) option as we will be visiting sensitive sites.

Please let us know if you are interested in visiting other desalination plants in the Kingdom, or the GCC, and we will assist in arrangements.
